DETAILED ACTION

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-34 and 70-72, drawn to methods* of purchasing a magazine and offering a rebate.
- II. Claims 35-69 and 73-90, drawn to methods* of requesting and fulfilling subscriptions leading to successful awarding of a rebate.

*methods and respective apparatus arranged to accomplish the method steps will be examined together

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as the successful purchase of a single copy of a magazine. No offer for subscription and no purchase of subscription need be provided to accomplish this method; the rebate goes unfilled. See MPEP § 806.05(d).
